**Sir Wilfrid Laurier Significantly Advises Manufacturers That Farmers of Canada Will Not Be Denied a Larger Market.**

### Bulletin Special.

Ottawa, Sept. 18.—Despite five weeks of steady and strenuous campaigning Sir Wilfrid Laurier yesterday, with apparently unimpaired vigor, addressed three meetings in three different constituencies, the audiences of which were packed and labelled.

At Rockland in the afternoon he spoke to the electors of the Counties of York, Prescott and Lébel. Returning to Ottawa in the evening he spoke to one of the largest crowds ever gathered at any public meeting in the capital.

Later in the evening he wound up the day going again to Hull, where he addressed a number of electors of Victoria constituency. At every meeting he was received with the unanimous enthusiasm and popular acclamation that has marked his whole series of splendid meetings in this campaign.

Today he will address more meetings in Quebec, and Wednesday will come the final meeting.

### The Ending of a Victory.

There is the saving victory in the air," Sir Wilfrid concluded last night. "That saving is unmistakably for the principles of good government and fiscal freedom and fair play to all, for which we Liberals stand in this contest."

The most striking feature of the three addresses was the premier's frank and clear-cut warning to the manufacturers of Canada, who though not fearing themselves, and not in any way from the reciprocity agreement, are so afraid of its effect that it might lead to some future interference with their sacred citadel of protection.

Speaking at the Ottawa meeting principal theme was the same as in previous meetings by J. B. and Manufacturers' Association. He noted no other manufacturers, however, nor any other associations, had been intrinsically affected by any proposal of the Liberal party. Yet they stood ready to support the party, he asserted.

"For us," said Sir Wilfrid, "we have the authority of the Canadian government by plain privilege against any attempt at relief to the farmer or the great consuming classes."

"I speak in no spirit of menace or threat," Sir Wilfrid said; "but I must say plainly to those short-sighted manufacturers that they need not be surprised if they find the letter that they have prepared a rope for their own destruction." He told them that if all from protection, from selling their goods in the best market, they must not wonder if the farmers vigorously resent that attitude, and if that attitude is maintained, it will not be long before the movement should be defeated, then, ranking under the sense of injury, must demand a defense for a wholesale tariff lowering that cannot be withheld.

I must remind you," he said, "that there are many farmers in Canada, and manufacturers, and more rural constituents than urban constituents. If this appeal to selfishness should prevail, then those responsible must be prepared to take the result."

He told the manufacturers, "The strength of the manufacturers, the strength of the manufacturers will be the same as it has always been. We are prepared to deal justly and surely with all classes."

**Airship to Carry U. S. Mail.**

Ottawa, Sept. 18.—Sir Wilfrid Laurier, the Canadian aviator who will carry the first special delivery U. S. mail back that has ever been sent across the Atlantic, will make trips twice daily with varous household articles from New York to Brooklyn and various points along the coast during the international airship race to be held Sept. 22 to Oct. 1.

Delays in getting the airship at the aviation field at Rockland will be taken up at the aviation field at Rockland, and at the various surrounding airports until the airship is ready to be forwarded to any destination. The cancellation stamp will read "U. S. Aeronautics" and "Rockland, N. Y."

**Thunder Bay Postponement.**

Ottawa, Sept. 18.—Official notification

of the postponement of the election has been received by the Clerk by the Crown in Chancery. Mr. Foley has a letter from Return Officer indicating that the election in the constituency did not allow of the carrying out of the necessary preparations for the election.

The bulletins said, were only issued on Saturday and there were 25 boxes to distribute over an area of 300 miles.

In the provinces there was a

## RECIPROCITY ISSUE AS DISCUSSED BEFORE

(Continued from Page One)

meat could be called and sent to Britain.

Strange Bedfellows, indeed. Mr. H. Palmer, in opening his address, referred to the contingencies of politics which brought together such bedfellows as Mr. Palmer and Mr. Borden, the leaders of Canada and Britain's Bourbons in Eastern Canada. It had been the contention of Mr. Borden at a previous session that the reciprocity bill was a surprise on the electric line. It must be admitted that the members who went to Ottawa last winter knew what they were talking about. They had been told by the people of Canada since 1884. Every newspaper in the whole Dominion had declared its prior claim for that date. Mr. Palmer had said that reciprocity might be expected to have an industry in Canada and on the electric line. In answer to a question raised by Mr. Palmer as to what use the Canadian would make of reciprocity, Sir George said that the road would be required for the purpose of providing competition between the Canadian railroads and all possible markets, that she might always be held to her word.

**Canadian Bill.**—**Mr. Overton:** "We might as well be honest about it," said Mr. Hyndman, "there are many reasons why we are on both sides in this reciprocity campaign." It was not fair, Mr. Hyndman said, that the Conservatives then should be supported by the friends of the special interests. Mr. Hyndman attempted to make a speech on the subject, but the reciprocity agreement did not find its place in any overtime debate made available by the Canadian.

**Mr. Overton:**—**Mr. Taff:** The reciprocity agreement could not be a satisfactory agreement, he argued.

**Mr. Overton:**—**Mr. Taff:** The men engaged were old men and could not be expected to form a business deal with the Canadian government.

The cabinet of President Taft, the one breath of fresh air, Mr. Hyndman declared, was not up to the mark. Mr. Laurier by trying to catch the men mapping by bringing on the election, when they would be too busy to have the reciprocity agreement carried through. Taff, however, declared, hoped to work through reciprocity to the annexation of Canada. After the annexation, Canada's vast coasting routes over Canada's storehouse of natural resources.

The Hon. Frank Oliver was given a rousing reception on rising to address the House. He was received with the presence of opposition speakers so that both sides of the question might be heard. Mr. Oliver had presented his case, he was considered as able as any speaker in the present session. Mr. Grosvenor had accepted.

Mr. Hyndman, to the satisfaction of the House, was not an inveterate economic puzzle which nobody could understand, but the most simple means was a reduction of the taxation of the people.

Mr. Palmer showed how reciprocity by making Canada a better country live in would strengthen Canadian industry and increase the British empire. He demonstrated clearly the advantage to Canada of having a market in the United States for her wheat, cattle, birds, and other products.

**Franklin Industry.**—  
Mr. Palmer had argued that reciprocity would be a benefit not only to Canada but to the United States, but the producer under present circumstances selling in an open market to Canada would be at a disadvantage. This might probably account for the heating oil used in Chicago for cattle feed. Cattle, until she had a market in the United States for her own, by reason of better prices, would be a hindrance to Canada in a flourishing cattle industry, the result of a child meat industry.

Mr. Franklin had argued that industry built up, as Mr. Oliver, "I want to see it built up as your own industry, still in your hands, and not by levying a tax on your neighbor."

Mr. Oliver demonstrated how reciprocity would be a benefit not only to Canada but to the United States, but the producer under present circumstances selling in an open market to Canada would be at a disadvantage. DOES PROSPERITY BREED  
TREASON?

Some Anti with time on his hands and a desire to rescue his cause from ridicule might profitably employ himself in preparing a statement showing precisely where and how the reciprocity agreement threatens to extinguish the British Empire. So far the public have been favored with nothing definite or comprehensible in this direction. They have had assurance in plenty that reciprocity was conceived in disloyalty and is bound to lead to annexation; but just how or by what law or process the absorption of the Dominion by the United States is to be brought about, has never been explained to them. There is need of a clear statement from the Antis on this point, for the Canadian people know that there once was reciprocity between this country and the United States, and that neither was the Dominion annexed nor did the Empire go to pieces. From a perusal of the existing authorities it is clear that in reciprocity days there was no annexation sentiment in this country and it has not been established that the links of Empire at that time showed signs of any unusual stress or strain. Before they are asked to believe that reciprocity now would bring about what it apparently had no tendency to bring about a half century ago, the public are entitled to some explanation. Is it that the people of Canada today are less loyal than their grandfathers? Or is it that the laws of trade—commonly supposed to be immortal and unchangeable—have altered their nature and now tend to produce an effect the contrary of that they formerly produced? Just where does the separating and disintegrating influence come in? Is it in selling things to the people of the United States, or in buying things from them? Does the danger lie in allowing Americans to consume Canadian pork, or in allowing them to pay for it? In allowing Canadians to consume American fruit, or in allowing them to pay for it? Is it in the process of shipping out what we do not need the danger lies? Or in bringing in what we do need? In paying our debts to those we buy from? Or in requiring them to pay their debts to us? Which of these operations—common enough and safe enough in ordinary commercial matters—which of them becomes the menace to Canadian autonomy and Imperial solidarity when it takes place between the people of the Dominion and those of the Republic? And if danger and disintegration lurk in any of these operations how is it that they have not been made apparent before? We already buy and sell to the people of the United States to a very large extent. They already consume Canadian pork, and pay for it. We already consume American fruit, and pay for it. And if it is safe to allow a Yankee to buy, pay for and consume one Canuck pig, why would it be unsafe to allow him to buy as many of them as his consuming capacity would warrant and his purse allow? And if it is safe for a Canuck to buy, pay for and consume one basket of Yankee fruit, why would this country be endangered by allowing him to buy as many as his appetite required and his means permitted? Upon all these questions there is a want of light, and there is no disposition observable in the Opposition camp to provide the light. Yet these are the essential questions at issue. The commercial question at issue is simply whether the people of the two countries shall be allowed to trade with each other freely in the matter of food-stuffs and natural products when they find it to their advantage to do so. The Antis insist that this would be dangerous for Canada, but most unreasonably decline to get down to details and tell us why, where or how it would be dangerous. The farthest they will go is to admit that under reciprocity there would spring up a much larger trade between the peoples of the two countries; that they would buy more largely from each other than they do now. If that is so, it follows that reciprocity would be a good thing for the Canadian people; for the Antis surely do not consider their fellow-countrymen foolish enough to buy and sell where they cannot do so to the best advantage. And if reciprocity makes for the welfare of the Canadian people how can it make for their dissatisfaction with their present political condition and relationship? People do not change their allegiance for nothing; certainly Britishers do not do so. If Canada should ever break from the Empire it would, we must assume, be because Canadians were dissatisfied with their condition as a part of the Empire. Yet the Antis argue that reciprocity by making us more prosperous will make us discontented, and will finally lead us to a decision to break with the Empire and to merge political existence in that of the United States. That argument which must be expounded if it is to be rescued from ridicule and made tolerable to a man with common sense and without party ties or contrary interest.

The spectacle of an officer in a militia regiment assaulting a man because he happens to be on the other side of the political fence is not one to make the public think better of the men wearing swords in the Canadian forces. Across the water the rule holds that an officer should be a gentleman, and he usually is one. The incident on Sunday does nothing to establish that this wholesome tradition of the British army and navy is loyally followed by some Canadian officers who are loudest in asserting their attachment to Britain and all things British. Neither is the fact of a prominent worker in the Anti camp assailing the loyalty of the foreign born citizens of Canada generally, one to be commended either for its truthfulness or for its discretion. It ought to be apparent even to a military Tory that the stability of the Dominion is to be secured rather by promoting harmony than conflict among the various nationalities which comprise our population, and that to arraign all these classes save one as disloyal to the country they have sworn allegiance to, is not a good way to make them think highly of the people among whom they have made their homes. A charge of this kind reflects more upon the man who makes it and the race from which he comes than upon those at whom it is aimed.

A campaign sheet published in the French language by the local Bordenites links up their candidate directly with Mr. Bourassa and what he stands for. The front page of this publication is adorned by a large cut of Mr. Griesbach, and underneath this French-speaking Canadians are urged to vote for the traditions of Messrs. Cartier, Chapleau, Langevin, Mercier, and Bourassa. Mr. Bourassa's name is appropriately spelled in large letters. He being the chief figure in the Opposition ranks, the man upon whom they rely for support and the man who stands to gain most from their success, it is eminently proper that his name should be thus emphasized. It is to be hoped that this publication will also be reproduced in the English language. It could hardly fail to be of interest to the Englishmen whose votes are being fished for with the loyalty bait. To have the local Bordenite candidate thus tied up to the man who declares Canada should break away from Great Britain at the first opportunity is something they would do well to think about.

The Journal has now discovered some ballot boxes at Tofield and at Leduc which do not meet with its approval. The Journal is in the position of having been caught in the act of aiding and abetting the promotion of a cruel and baseless scandal. Unwilling to manfully acknowledge its crime and unable to deny it, it has been hopping around on the ballot box fake for the past

LOST 45 POUNDS  
IN WEIGHTNOW WEIGHS 125 POUNDS,  
THANKS TO "FRUIT-A-LIVES"

PLASTERSWELL, Oct. 1st, 1910.—  
"Albert March 1st, 1909, I was taken  
sick with Liver Complaint and  
Stomach Troubles. I weighed 182 lbs  
and lost 45 pounds and was confined to bed  
for eight weeks. The doctors said  
I must lose weight, so I took 'Fruit-a-lives'  
as a last resort, one of the doctors told  
me to try 'Fruit-a-lives'—they would  
not stop me."

"My husband bought some 'Fruit-a-lives'  
and insisted on my taking them. I was not  
strong and could eat and retain my  
food." — MARY LAURENTINE COOK,  
"a girl, 6 lbs. for \$2.50, or trial size,  
25c. Fruit-a-lives Limited, Ottawa."

ESTIMATE OF 1911 CROP.

Official Government Returns Price  
Grand Total over 112 Million

Winnipeg, Sept. 18.—Official returns  
from last season's crop in Canada west  
showed yesterday that the total grain  
crop for 1910 was 12,775,521 bushels. The  
total return for the grain crop reported at  
Winnipeg, Calgary and Duluth up to  
Sept. 1, was 8,718,420 bushels.

In stock elevators at  
1,717,700 bushels.  
Total, 14,436,145 bushels.  
Allowance for feed and seed, 28,000,  
bushels.  
Estimated amount still in  
the farmers' hands is 750,000 bushels.  
Total, 114,488,045 bushels.  
Last year, Sept. 1, 1909, inspected after  
Oct. 1, 1,789,514 bushels.  
Grand total 112,775,521.

Dist. Passenger Agent, Calgary.

## Hunters!

You Can Change Grates For  
Coal or Wood in a Jiffy

Without tools, without trouble. The coal grate slips out of a Sask-Alta Steel Range with ease and the wood grate slides in easily. The Coal or Wood Duplex coal grates are short strips toothed with sharp claws. They cannot "stick." You can dump the ashes in one end of the fire-box if half the lire goes out, because the twin grates operate independently of each other. Inverted, they are used for burning wood temporarily.

Sask-Alta  
Steel Range

Sask-Alta means better baking and cooking results with less coal and less work. The nearest McClary agent will gladly show you why you'll be delighted with it. Write the nearest McClary branch for the Sask-Alta booklet before you part with your range money.

## McClary's

London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Hamilton, Calgary  
FOR SALE BY NORTHERN HARDWARE CO.

Nothing more interesting has come out of the West than the new Hunting Vest. The shape is unique and beautiful, so that the vest may be grasped when wanted, even by blindfold hands, but yet held in position as firmly as though they cannot drop out. Made like a fanny pack, you can take a shell out, another time, and drop down to take its place.

You simply MUST have one. Call and see them, while they last.

# A VOTE FOR BORDEN IS A VOTE FOR BOURASSA "INDEPENDENCE IS IN OUR EYES THE NATURAL CROWNING OF OUR DESTINIES."—BOURASSA.

## Conservatives Welcome Bourassa With Open Arms

The Unholy Alliance is at Last Fully Matured—Canada's Future Will be Sacrificed by Borden and His Friends to Gain Power—

Conservative Leader Has Signed Himself Away to the Anti-British Leader.

Sudbury, Ont., Sept. 18.—The Conservative party has crossed the rubicon. The alliance of Borden and Bourassa has developed from that of common interest to a proclaimed contract. No bones are made about it. From the moment of the arrival of the Nationalist leaders here when President McKesson, of the Sudbury Conservative Association, called for "three cheers for Bourassa and Borden" packing the potent partner first— to the final acclaim for "our two leaders, with which the call for cheers for Laurier was countered, to the close of the meeting the definite character of the union was emphasized. Irwin Hilliard, who claimed to represent Premier Whitney, declared the English-speaking Tories were going to receive at the polls the attack on Bourassa.

George Gordon, Conservative candidate, told the people, "I welcome Bourassa from the bottom of my heart. He and I are head in hand in opposition to the Navy. I give him the keys of the whole district." The president of the Conservative Association said that Bourassa was "one of our greatest leaders and distinguished citizens."

Finally Bourassa himself assured the people that the Conservatives had renounced their naval policy in accordance with the dictates of himself and Monk and he was supporting their cause. This sentiment was by no means unanimous. Even the procession which escorted Bourassa to the hall, was greeted by cries of "Hurrah for Laurier," from the crowds. French-Canadians crowded up to the automobile and shouted "Vive Laurier" in his very ears.

### Are Bound to Bourassa

The Liberal candidate in Nipissing and East Algoma issued a brief letter to the electors retailing the signed pledges by the Conservative candidates to support the repeal of the navy policy. The letter challenged the Conservatives to deny that the pledges were dictated by Bourassa. A challenge which met with no response. When at the close of a two-hour address, the first word from the gathering came "Three cheers for Laurier," Bourassa threw up his hands and laughed. Bourassa said he had gone to Laurier with representations and the premier had turned upon him with the words: "You misunderstand me if you expect me to rule this country according to the views of Quebec." Bourassa said he left Laurier because the premier failed to take the stand urged on him. Since Borden had accepted his policy, the Nationalist leader said he was aiding the Conservatives. The Nationalists did not aim to establish a party, but to preserve the balance of power.

The open declaration of the Borden-Bourassa alliance shows how far the Conservatives are going in the hopeless fight to defeat the Government on next Thursday.

### Enthusiasm for Sir Wilfrid

People of Ottawa Tender Him a Great Reception—Gives a Warning to the Manufacturing Who Are Fighting the Budget

Ottawa, Sept. 18.—Addressing an audience of from eight to ten thousand people who received him with great enthusiasm, Sir Wilfrid Laurier, after referring with considerable emphasis his declarations that the manufacturers who are fighting the budget will be beaten, said: "We must prepare a rod for them, own ends."

The Premier took the test for his argument the statements which appeared in the local press from J. R. Bond and H. Ross, president of the E. H. Ross Company. Sir Wilfrid applied his remarks more particularly to those two local manufacturers of whom he said: "They are the men who must be beaten."

Bond, 30, will be attacked by Sir William Van Horne, who has come to Ottawa to speak in defense of the men who entered upon in the Maritime provinces. Other speakers will be the Conservative candidates in this district.

#### Tory Charged with Perjury.

Chatham, Ont., Sept. 18.—A warrant was issued at the request of the Labour department, commanding the街道的街道 are held in all conversations on the subject place. Henri Bourassa, president of the Canadian Manufacturers' Association, and Alderman L. A. Lapointe in St. James. The Premier will speak at the meeting at St. James. Martens.

The Nationalists will gather in the east end of the city at the Ontario Hall, 100 King street, where they will hold mass meetings, while Sir Wilfrid Laurier will be here to support the candidates of two of his old political friends, A. B. Ross, McChesney, and Alderman L. A. Lapointe in St. James. The Premier will speak at the meeting at St. James. Martens.

Mr. White, who answered every question asked of him to the entire satisfaction of the audience. Two Conservative gentlemen, who were specially interested in the price of eggs, and who

### GRIESBACH MAKES A SHAMELESS APPEAL

Conservative candidate in Sudbury has followed his leader, Sir L. Borden and he is now bound in hand with the Anti-British Bourassa. A French journal L'Avenir de l'Ouest, published in Edmonton and styling itself "The Organ of the Conservative Party" in its title, claims that the French Canadians, contains a three column cut of W. A. Griesbach on the front page and in huge type, seven columns wide, across the page, his appeal:

"The Canadian electors, remember the old tradition which you have received from your fathers—Cartier, Chapelin, Lacombe, Mercier, and others, without forgetting BOURASSA."

The last word appears in bold faced type, adding to the shamelessness of the appeal.

### INNISFREE SOLID FOR NOBBY WHITE

Liberal Candidate Has Round Meeting—Answers of Anti-British City Speaker Are Effectively Answered—No More "Vive Laurier and White" Cheers for Laurier and White.

Innisfree Hall in the interests of re-opening the hall, on the evening of Sept. 18, although the rain had defaced the walls still impassable, farms drew in as far as ten miles to hear the speaker. The audience was ed. And to say that it was discussed in a most forcible and convincing manner.

Dr. Goodwin First Speaker.

A member of the church, says after calling the meeting to order he called on Dr. Goodwin to speak. The speaker made a thoughtful and somewhat silent half of reciprocity which could not be heard by the audience to the mind of all present.

Mr. Phillips, of Manitoba, was invited to speak. He spoke on his own inventions and practical applications from his own imagination which were most interesting and showed a share of originality which could not be heard by the audience to the mind of all present.

After another speaker Mr. White, who was asked by the entire audience to speak to the entire audience. Two Conservative gentlemen, who were specially interested in the price of eggs, and who

TO START WORK ON G.T.P. HOTEL THIS FALL

Sept. 15—Work on the hotel at Athabasca Landing will be started on Sept. 15. The Grand Trunk Pacific hotel which is to be built at Athabasca Landing will contain 100 rooms and a quarter dollars will be charged for the room. The hotel will be managed by the Grand Trunk officials.

questions some of the statements made by the speaker, Dr. Goodwin, concerning the economy of Athabasca. Wheat biscuits by prompt and convincing answer.

The meeting was brought to a close by the singing of the National Anthem and was followed by rounds of cheering for Laurier and White.

Editorial Confused in Sudbury.

Ste. Scholastique, Que., Sept. 15.—The petition for a writ of mandamus to restrain the election of A. E. Borden, candidate in Two Mountains, elected by acclamation on account of his opponent, Andre Fauteux, was argued before Justice John Ross. The writ was denied.

Justice Fauteux, who was the returning officer, argued strongly in favor of the writ, claiming that he was no longer returning officer, and consequently the writ could not be served.

TYED UP IN WATER—LIME JUICE

To the People of Edmonton.

Ladies and Gentlemen:

We beg to draw your attention to the important discovery made about the lime juice in water at the Molson Laboratory of McGill University which it has been determined that lime juice is the best preservative.

Lime Juice upholds water absolutely rendering drinking water absolutely safe.

We were already aware that

Montreal Lime Juicer had invented a

method of preserving lime juice not only as a preventative but as a wholesome drink.

This discovery taken in connection with the report of the Inland Revenue Department that lime juice is a preventive and corroborative to pure juices of lime fruit, is a matter of great interest to the people of Edmonton.

This discovery taken in connection with the report of the Inland Revenue Department that lime juice is a preventive and corroborative to pure juices of lime fruit, is a matter of great interest to the people of Edmonton.

Montreal Lime Juicer has adopted a

method of preserving lime juice not

only prevent the lime but affords a

most wholesome and agreeable beverage.

During the epidemic in Montreal last year, Montreal and St. John's, Newfoundland, were the only cities in Canada to have a

lime juice which gave most gratifying results. Either of the brands can be readily procured in the market.

## THE RUSSIAN PREMIER DEAD

Stolypin Succumbs to the Bullet of An Assassin.

Stolypin died at 10 o'clock (three o'clock New York time) yesterday. Peter A. Stolypin was a man of commanding presence. He had grey hair and his powdered hair was grey, but his beard was dark. He has been described generally as an administrator of ability. He was regarded as a man of a high sense of duty in the ordinary sense of these terms and has been said to have been one of the most popular ministers ever to put down the revolutionary movement at any cost.

As Foreign Minister, he took such steps against the terrorists and liberals as won him the detestation of the revolutionaries. His life was attempted in 1902. He was appointed Premier by Imperial ukase on Feb. 1, 1906, and he immediately set to work to bring about a revolution that had grown to threatening proportions during the premiership of M. Guchkov. He had not been able to control it.

Stolypin's wife was attempted again in August of that year when a bomb was exploded. His health was impaired and he suffered with slight injuries but his character was unbroken. When the revolutionaries threatened to assassinate him, Stolypin came into conflict with the Duma. He was greeted with cries of "murderer," but he remained calm. The crisis reached a crisis last March, when the upper chamber of the Duma, having voted to increase the budget of the Zemstvo and local government in the western provinces, the premier resigned.

The Russian premier died at the hands of his assassin, who was shot with a pistol. He died at 10 o'clock (three o'clock New York time) yesterday evening at the municipal theatre.

The official announcement was made at 11 o'clock (four o'clock New York time). Until the last the premier was conscious and for nearly an hour during the early part of the evening his wife was alone at his bedside.

Surrounded by his wife, she was attempting to comfort him, when he suddenly uttered a cry and fell dead.

He was buried at the end of Stolypin's life, he was unconscious and threw himself upon the couch. Finally his heart action became weaker and he died.

When the assassin, a priest, realized that death was over taking him, he cried out "Give me the penitent."

Half an hour before his death, Stolypin asked the physician to turn him to his side. He died peacefully surrounded by his relatives and friends.

All hope for the premier's recovery was abandoned this morning. Saturday night indications were favorable. Sunday the patient grew worse. Saturday, the bulletin declared that the patient was hopeless.

General Strike in Spain.

Madrid, Spain, Sept. 19.—The General Union of Labor today decided to call a general strike throughout Spain on a date to be fixed later.

## AROUND THE CITY

## LOCALS

It has been decided to form a Moral Government League, which will be open to animals and other humans who are requested to attend a meeting in the Hotel Alberta, at 7 p.m. on the 20th inst., at 4:15 p.m.

The regular monthly meeting of the Women's Home Missionary Society will be held in First Presbyterian on Wednesday evening, Sept. 20th, at 8 p.m. Rev. Mr. Ritchie, who has been organizing Sunday schools for the movement, is on his way to Grande Prairie, where he will remain in the mission work there.

At Methodist Methodist Church Rev. J. H. McDonald, the minister, will have the following weddings: On the 15th Ross Clegg, son of Mr. and Mrs. Ross Clegg, Miss Cora May Gillis, of Minneapolis; on the 16th, Bertram Johnston, of Banff, Alta., to Miss Nellie McLean, of Banff; also, on the 16th, Jerry Gandy, of Edmonton, to Miss Anna Lee, of Avis May Taylor, of Edmonton.

An enthusiastic Liberal meeting was held in the Cameron Hall on Saturday, which there was an attendance of nearly fifty. Local speakers addressed the audience, and a single dissenting voice when a vote was taken approves of the principles agreed upon by the conference committee.

A Shadow and Bow Social will be held in the Cameron Hall on Saturday evening, Sept. 27th, under the auspices of the Ladies Trust Fund.

From the 27th to the 30th, the money from what will be their Orphanage scheme. The social will commence on the 27th, and the contents of the boxes have been selected, and will be presented to the public on the 30th.

It has now been definitely decided that the new theatre to be known and rebuilt part of the Jasper House, will be built on the site of the old, and excavation work will be done on the adjacent lot. The plan decided upon will be to have a building 100 feet wide, north wall of the building. The plan will be to have a two-story party wall between the Jasper House and the new Gooderham Block. The work will be done by the architect.

The members of the amalgamation committee will draft a report of the movement, which, if passed on Sept. 26th, will unite the cities of Edmonton and Strathcona, and the two mayors will make that will make meetings, for the purpose of the amalgamation, to be convened before the vote is taken, will be held, on Sept. 22nd and 23rd, at the Jasper House, and the public present to answer questions and to make any necessary explanations.

## WILL REPORT

The committee appointed by the city council to consider the advisability of proceeding at once to prepare plans for a needs of Edmonton for many years to come will report to the city council on the 26th inst., and the committee for the remaining year will be given another opportunity to have their views heard.

There is a lingering feeling among them that the market site should be retained, the other sites being too far from the centre of the city and not suitable for the new city hall.

The members of the amalgamation committee will draft a report of the movement, which, if passed on Sept. 26th, will unite the cities of Edmonton and Strathcona, and the two mayors will make that will make meetings, for the purpose of the amalgamation, to be convened before the vote is taken, will be held, on Sept. 22nd and 23rd, at the Jasper House, and the public present to answer questions and to make any necessary explanations.

## WILL REPORT

It is reported that no report will be made this evening by the committee of the council appointed several weeks ago to consider the advisability for the appointment of new commissioners to fill the vacant places on the board of the Universal Gas Co., which will be considerably difficult in view of the fact that the members of the board, and up to the present have been unable to agree.

EDMONTON ANNIVERSARY SERVICES

St. Paul's will be observed in the Market Hall on Saturday, Sept. 19th, at 10 a.m.; Sunday, Sept. 24th, there will be a special programme by the women. A Memorial Service will be held by J. H. Robinson, of Grace Church, on Monday, Sept. 25th, at 7 p.m.

In the evening at 7:30 the regular anniversary services will be conducted, at 10 a.m. in the Metropolitan Methodist church, and will be followed by a service to be held in the choir.

## ONLY ONE CASE

The only case laid in the police court this morning was a charge against a man who was insufficiently secured on the street. A fine of \$2 was imposed.

John F. Burns, of 122 Jasper Ave., was found of W. Burns, charged with attempting to obtain a forged check.

Burns was to have appeared for hearing yesterday morning and was not in court. He had been called out to put in an appearance and is believed to have disappeared from the district.

## LOCAL ORDER OF LOIUS

With every prospect that it will become one of the strongest fraternal organizations in the West, the annual meeting of the Local Order of Louis is scheduled for Saturday night, Sept. 24th, at the Hotel Alberta, and is anticipated. Hundreds of representatives from all parts of the country, for membership in the local den, and at the end of the week the list of candidates will be announced.

A. L. Midday, deputy supervisor of the work here, is a very busy man these days, arranging for the first meeting of the local den, which is to be assisted by Deputy Organizer Hinchliffe, of Vancouver, who has been here for the last week in interviewing members of every walk of life with the result that the men of the local den are in the order with which are affiliated more or less closely with practically every nation in the world.

Headquarters of the local den is the Hotel Alberta, and the meeting will be opened with an animated speech this evening by the president, Mr. E. A. Marks, of the Alberta Central Land Co. Ltd., who is keeping all the members kept filing in and out of the office, having application forms ready, and all the details of the organization regarding the order.

Alberta Organizer Midday is as anxious to have us in our place this week as is the order, and has been in touch with the manager of the Hotel Alberta, and the supreme den of the Local Order of Louis, in Los Angeles, to have the meeting held here for a three days' session. Before the meeting closes it is expected that Mr. Marks will be able to get a definite date for the order, six months' advance notice will be given.

## WEATHER

A few light scattered showers have occurred but the weather generally has been over the past few days has been fine.

Forecast—All West, fine today and overcast, with light showers.

Temperature—Morning, 60°; Min. 50°; Evening, 70°; Max. 80°.

MAKES HAIR GROW

Now for an invigorating hair tonic that will grow hair or money-hair.

The time to take care of your hair is when you have hair to take care of.
